#### **Lady Lions Volleyball 2009**

##### *From Coach Waller*

The lady Lions volleyball team has started the season strong with wins over Napa Christian, San Domenico, Sonoma Academy and Geyserville. The Lions competed tough against a very experienced Tomales Braves team and took them to a five set match losing 15-12 in the 5<sup>th</sup> set. After finishing 3<sup>rd</sup> place in the NCL II North last year and winning a first round NCS playoff game, the Lady Lions have only two returning varsity players. However, with the addition of two new talented juniors and six very promising sophomores the Lions expect another successful season. This is a very young volleyball team but they compete with great determination and heart, and their number one goal is to bring glory and honor to the Lord. GO LIONS!!

#### **Rock of Ages! This Saturday...Oct. 3<sup>rd</sup>**

**ROCK OF AGES FESTIVAL...\$10 advance ticket price...\$15 at the door**

And our headliner is: JESUS CHRIST!!!** For more information go to

<http://www.rockofagesfestival.com>

#### **From 2<sup>nd</sup> Grade**

Last week, the second grade class was able to go over and bless the Candle Radio and the Redwood Gospel Mission! While KNDL was broadcasting live from WFC, we brought over arm loads of can goods. We met Monika and Angie, and we even got to say one of our Bible Verses on the air! Yippee! Thank you, second grade families for supporting this and being a blessing to our community.

Mrs. Orth

## **Scripp Cut-Off**

Next Monday the 5<sup>th</sup> is our next shop with scrip cutoff. Parents can pick up information in the attendance office or email Cheryl Sisson with questions @ [eft@money movers.com](mailto:eft@money movers.com)

## **Jog-A-Thon Pledges...**

Although class and individual prizes are being announced on Monday, please keep late pledges coming in...thanks!

## **Thanks to Alg. 2, Alg. 2 Honors, 9<sup>th</sup> Grade Science & TA's...**

...for helping restore order to the Library by assisting with the reassembling process of the new shelving...The students gained practical experience with critical thinking skills, measurement, proportions, parallels, and ordinal decimals as well! Hats off for a job well done!

## **Living History in First Grade!**

First grade had some time-travelers visit our class last week. Lt. Reese of the Confederate Army brought his wife, Mrs. Reese, (Landon's dad and mom) to tell about the Civil War and teach the class some of the ways people lived in the 1860's. The class learned about the clothes, food, and soldier's equipment from that time. First grade is studying a book by Laura Ingalls Wilder who was born in 1868, and it was great to see how life differed at that time from ours today! On Monday, Mr. Hovland, (Erika's dad), demonstrated an old 1800's technology by lighting one of his carbide lamps. A huge thank you to the Reese's and Mr. Hovland for enriching our history lessons!

## **Keep Those Safeway Receipts Coming!!!**

Ask your friends and family to save their receipts. Remember to grab any receipts you see in carts, on the ground and keep asking friends around the neighborhood and at church to give you their receipts!

Elementary students may turn receipts into their teachers and MS/HS students may turn their receipts into Mrs. Dibley.

The top 200 schools get a \$1,000 bonus & SRCS has hit this reward the last two years, earning several thousand dollars - Let's do it again!

## **Sport Spot:**

*Upcoming sporting events: (if there are schedule changes your Coaches will inform you ASAP)*
