An adventure in Armstrong Redwoods!

The fourth grade class enjoyed a hike through California's majestic Redwood Forest. We enjoyed a picnic under the trees and wrote in our journals using our senses to explore nature. Here is a sample of students' beautiful descriptions of God's awesome creation.

"I hear the birds singing, the leaves rustling and I feel the Redwood bark resting against my shoulder." Brianna Cossey

"I see lots of beautiful trees that God created for us to enjoy and to know how much He loves us!" Daisy Dibley

"As I write, I feel a droplet of water fall on my shoulder. God's creation of the forest took a lot of effort!" Daniel Bertuccelli

Teacher Appreciation Dinner....

6pm, Nov. 13, 2009

Veterans Memorial Building

Most of the games are open to all who want to play except for one, "What's Inside?" is only available to the first 25 people who buy tickets. What is the game and why do you care? Why should you consider pre-paying? A brief teaser is that big prizes are hidden in 5 of the 25 megaphones. So, what do Wii consider a big prize? Wii are trying to keep it a secret but Wii understand you still may want more clues. Wii just ask you trust us....

Counselor's Corner...

We Saw That!

"Even a child is known by his actions, by whether his conduct is pure and right" Proverbs 20:11

I listened to my 1st grade son practice his Bible verse this morning and it really struck me how relevant God's word is still today. Too often, children feel they don't have an impact on their world but nothing could be further from the truth. God delights in them and it's our privilege at SRCS to watch them develop and grow into the person He created them to be.

This week's "**WE SAW THAT!**" winners are Keenan Tejada and Rachel Woo. Keenan was caught "having a helpful heart" and Rachel made a difference by "sharing the swings with a friend."

It's the little moments, where we go the extra mile or do a quiet, kind deed, that make us who we are. Keenan and Rachel, thanks for being YOU!
